These procedures and guidelines may be further amended.

Recreational vehicles, except for golf carts must be State registered before WLE will issue a permit and flag. The new State of Pennsylvania UTV Regulations, which has been in effect as of October 23, 2001, states that all & UTV operators must carry a State Issued Registration Certificate, display a State Issued Registration Plate, and an expiration sticker. Liability insurance is also required, and proof of insurance must be carried with you when the UTV is in use; all Recreational Vehicles still must be registered yearly at the office and display WLE identification. The use and operation of off-road or all-terrain vehicles (ATVs) are prohibited entirely from the community of Wallenpaupack Lake Estates ("WLE"), including the residential lots, roads and common areas thereof. This ban is effective as of June 11, 2012. This shall not preclude the Board, in the interest of the Association, from (i) restricting certain roads and other community areas from the use and operation of such vehicles, or (ii) restricting such unsafe or nuisance vehicles and their operators from use and operation within the community, and (iii) otherwise regulating such vehicles and their ownership, use and operation within the community. All such vehicles, and their owners and operators, must be at all times compliant with state law and regulation concerning all such vehicles and their ownership, equipment, use and operation, as well as the Association rules/regulations.

The Board of Directors shall otherwise retain its authority to restrict and regulate the use of the WLE roads and common areas of WLE and other vehicles from their use and operation within WLE, including the roads and common areas thereof, and to establish rules, procedures, fees, and requirements for the implementation, effectuation, compliance and enforcement of such authority and this regulation/policy.

As referred herein and by the bylaws, an 'off-road vehicle' or 'all-terrain vehicle' ('ATV') shall mean to include all motorized off-road vehicles (however modified), having two or more tires, tracks, or wheels, with handle bar, lever, or pedal steering mechanism. Where the driver and the passenger sit one behind the other, and the motorized recreational vehicles are not permitted to be registered or having no registration in any State for use on public highways thereof, such as trail or dirt bikes and motorized cycles, or scooters.
